

# CI & IT LEADERSHIP SYMPOSIUM

APRIL 26, 2024

Presents the  
2024 Curriculum  
and Technology  
Symposium

## AI: Charting Open Waters

A Collaborative Leadership Experience

The **CI & IT Leadership Symposium** is a full-day in-person event bringing together educational leaders from across the state of Arizona to explore AI challenges, share strategies, and plan for the AI futures that exist between Curriculum & Instruction and IT departments.

Sessions will provide opportunities for districts to address their AI journey: from vision, guidance, support, and beyond. Topics will include:

-  Finding your place in the AI continuum
-  Redefining your AI guidelines
-  Diving into action planning

**Navigate the uncertainties surrounding AI by collaborating with your team. Come with questions and leave with a treasure map to start your district AI plan!**

**Register Here:** <https://bit.ly/ciit24>

Presented by:
